

EducationYalla – the one-stop-shop for ‘Life Skills’

Learn-Grow-Evolve

What are the **SKILLS** required for a ‘futureproof’ workforce?

EducationYalla focuses on the development **Future Skills** - C21st SKILLS, MONEY MATTERS, SUCCESS STRATEGIES 101, HEALTH & WELL-BEING AND SO MUCH MORE ...

EducationYalla with its collaborators (The Experts) and sponsors, designs and delivers activities incorporating challenging, stimulating and real-world relevant tasks and information. The activities encourage and embed the development of critical thinking, leadership skills, creativity, problem-finding and solving, whilst also maximising student engagement.

What do we do?

Improve and simplify the process of / and the engagement to learning and personal development.

How do we do this?

By encouraging individuals to adopt ownership for their own learning, anytime, anywhere, any device (or face-to-face workshops).

Why is this SO IMPORTANT?

Because if you apply your learning with relevance to everyday scenarios, you develop a better and higher embedded level of understanding.

EducationYalla allows each student to have their **own portal**, which contains direct links to their online learning resources. Students build their own learning portfolio, which can be accessed ‘anytime, anywhere, any device’.

For more information please contact me and let’s arrange a meeting!

I look forward to hearing from you soon.

Rachael
