

# CLIMATE CHANGE AMBASSADORS PRG

## Why engage with this programme?

Former UN-Secretary-General Ban Ki-moon has called climate change the “defining challenge of our time” and in many countries the impacts of it are already felt. At the same time, it is still very difficult for many people not working directly on the subject to understand the basics of climate change. For example, which gases are actually contributing to the greenhouse gas effect? What temperature change is projected for this century? How does the international climate change negotiation process work? What adaptation and reduction options are available and how to select the most adequate ones? Where does the financing come from?

**Fees** – Quoted per client. This is inclusive of all materials, travel expenses and staffing costs.

**All programmes are delivered by a UN CC:Learn accredited Teacher.**

**The programme has been written to additionally support UAE CSR requirements for the promotion of but not limited to -**

- Innovation
- National identity
